"It has gone by so fast, but we've had a lot of fun and made a lot of memories."

Dawn Rodriguez

"High school is a time we will never forget, no matter where we are or what we're doing it will always be a part of our lives."

Heather I Bevis

"Over the past three years our class has become closer, this is one of the many outstanding qualities of the class of '96."

Jess Shapiro

"I can't wait to see what the members of our class will accomplish in the next 20 years."

"Mr. Mosca once told me, "Life is like a box of chocolates, what you don't like you can spit out. That's how I view high school."

Sign of our Times

Do you remember when we walked in as scared sophomores on the first day of school? Do you remember the college applications and trying to prepare for the SAT's? All of these are signs of the times, signs of our times.

As we graduate we will be going our seperate ways. Some of us will be going off to college, others will be entering military, and yet others will go straight into the work force. But no matter where we go we will always remember where we came from, the people who influenced our lives and the memories we made. High school and especially senior year is a part of our lives that will be with us forever.

Top left. Heather Bevis and her friend at the Warner Brother's Studio Store on the Mosca's trip to New York City.
Middle left: Susan Bowden, Jessica Shapiro, and Melody McClain enjoying chicken at the Costa Del Sol on tbe trip to New York City.
Middle right: Brianne Keith and Mary Horner on an experiment for class.
Bottom left: Friends forever — Nick Marsney, Meghan Kelly, Katie O'Malley, Maria Umile, Amy Brigham.
Bottom right: Emily Scott making an artistic creation.

To the Class of 1996:

It seems like just yesterday that our class had united in junior high, being in the first class to have gone through both the eighth and ninth grade as one. We've encountered a few difficulties, yet we have overcome problems to become the unique group that we are. Throughout these high school years, many unforgettable memories have been established, along with promising friendships and a variety of excellence in different areas. I would like to take this time to express to all of you my deepest thanks. I feel that I could not have led a more diverse class that has grown into fine individuals. My best wishes to you, the Class of 1996, hoping that each of you will "rise to the challenge." Thank you and God bless you always.

Held on April 28th, 1995, the Junior Prom was an exciting event for all who attended. The junior class and their dates entered a beautifully decorated cafeteria with a funky disco dance floor format. The D.J. played all types of music to satisfy the tastes of all people. Everyone had a good time. No one seemed to notice the teachers, which made the dance all the more fun!

"Coming together is a beginning; keeping together is progress; working together is a success."

— Henry Ford

The 1996 Weymouth High School Yearbook staff worked diligently day after day to create a memorable and successful yearbook. Staying until 6:00 O'clock on the day of a deadline is common in our schedules. We hope that we have filled it with "signs of the times" so that you may look back and remember all of the good times. That's why we made this the theme of our yearbook, because that's what a yearbook is . . . a sign of the times.

From May until March and even during the summer vacation we worked to complete this book. Layouts, copy sheets, cropping, editing, writing and rewriting are all things we do everyday. Some of the new things you'll find are the School Favorites survey, faculty superlatives, and even faculty baby pictures. We hope you keep all these in mind as you turn the many pages and bring back the many memories of the Class of 1996.

The staff would like to thank Marie and Ed Worcester for their time, dedication, and support. This is their last year advising the yearbook staff because they are both retiring this June. They will be greatly missed.

Chris McDonald running for the touchdown.

The 1995 W.H.S. football team provided an exciting style of offensive and defensive play to those who watched the team this season. The team was led by an outstanding group of Seniors who carried on the tradition of Weymouth football, a tradition of determined team play for ten weeks.

One of the most memorable games of the 1995 season would have to be the inspired performance of the team on Thanksgiving Day against Brockton H.S. Not only was this a well-played game throughout, but the manner in which the Wildcats were able to drive down the field in the final five minutes of the game to score the winning touchdown, then hold Brockton from scoring again to secure the victory, most certainly made for a defining moment for the 1995 season.

Erin Joyce (EJ) prepares for a play at first.

The Varsity Softball team had an extremely successful season. They were very close to making the tournament, but missed it by only two games. Having had to win the last five games of the season, they beat Barnstable, North Quincy, and Plymouth South, but it was their close loss to Taunton and their loss to Falmouth at the end of the season that kept them out of the running.

The team did, however display a great deal of talent, effort, and teamwork. Erin Joyce and Erin O'Connell, playing first and third, helped create a strong infield while Charlene Demong assisted in the outfield. Heather Bevis, moved up from J.V., became a valuable asset behind the plate. Congratulations to Jill Panaro, center fielder, who was voted an Old Colony League All-Star.

The team is intent on building a solid program and hopes to have an even better season next year.

Overall it was a good year. We played the toughest schedule around, including the top four teams in Eastern Mass., and the State Champions, Lincoln Sudbury. We are regarded as one of the top teams in Eastern Mass. and will continue to work hard to get to the top.

Our Boston Globe All-Scholastic Steve Zella went on to play for Springfield College, but we returned a handful of Varsity Starters to lead the team this year. Our well known head coach Tony Manzelli will be entering his 25th year as a head coach, and plans to continue his winning tradition.

Although the team's record was a disappointing 5-15, the season was a success. The underclassmen gained much needed experience giving us a optimistic view of the future. Dan Cushing and Kevin Measor are returning for the 1996 season. They will be counted on for consistent play and leadership. Dan will be an outside hitter while Kevin will play the middle hitter position. Other returning starters are Sean Kelly and Dan Donoghue. Both will be expected to help the team improve. Returning senior letter winners are setter Jim Murphy, hitter Mike Miller and defensive specialist Anthony Primo. Each will play a major role in the line-up for Coach McEachern. Chris Gomez represents the talented future of the program and is expected to fill a role for the varsity this spring.

The 1995 Girls' Volleyball Team was led by coach Kathy McKenna and senior co-captains, Katie Eaton and Trang Tran. The team has elevated their playing over the years and is on the rise against tough teams like North Quincy. The girls were always competitive to the final game point. Throughout the season, Trang was consistent with her excellent sets while Katie had a strong outside spike. This senior combination produced many points for the team. Juniors, Stephanie Girard and Rachel Kadlick continued putting the ball down on the opponent and maintained a strong defense. Meghan Cullinan and Alicia Keating both had a strong serve, with a large percentage of aces. Becka Braaten showed vast improvement, especially in the North Quincy game. Becky Galbraith, Katie Beaton, and Jeanine Mastrullo were all strong hitters and passers off the bench. Congratulations to the team for receiving the Sportsmanship Award and to Rachel Kadlick for receiving an All-Star award. "TOGETHER FIGHT, TOGETHER WIN!"

The 1996 Weymouth Wildcat Marching Band was a great success. The group consisted of two drum majors, fifty-three instrumentalists, and six color guard. The band started their season with an intensive three day band camp back in September, and continued by practicing two to three times a week. The group played for all the home football games, as well as competed in various competitions and exhibitions. The band's first competition was at the Abington Band Jamboree, at which they received a silver medal rating. Towards the end of the season, the group performed at the Barnstable Exhibition, where they gave one of their best performances of the year. One of this year's highlights was that the band received new uniforms . . . and they look great! Congratulations to the group on an EXTREMELY successful season.

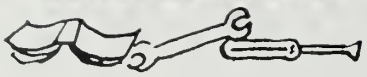
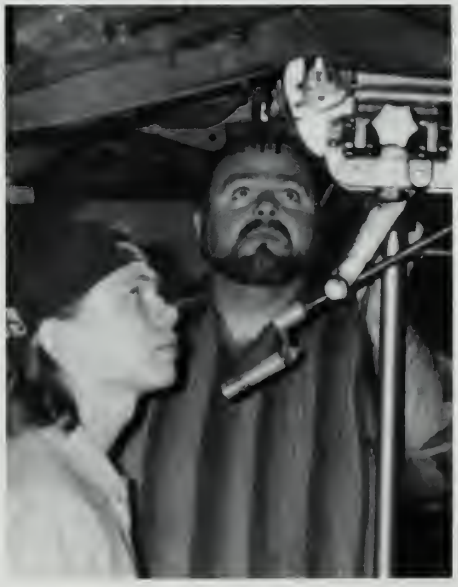
These courses are designed for students who are interested in a career in one of these fields. In addition to providing the students with necessary skills, some courses also offer the opportunity to become licensed and enter a field as a competent worker.

AUTO REPAIR



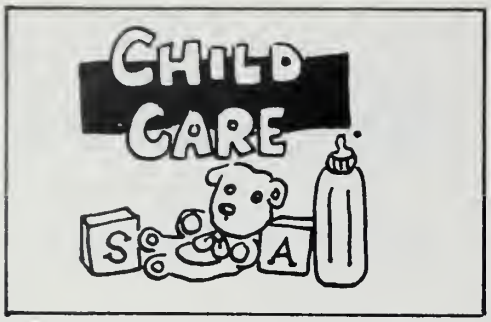
This year has been a successful year for the Automotive/Small Engine Repair program. With the reintegration of freshmen, the program feels complete once again. As the skill levels of the students increase, year by year, there is no end to the job offers which pour into the school almost daily. Prospective employers look for Weymouth's most talented Automotive and Small Engine Repair mechanics.



CARPENTRY

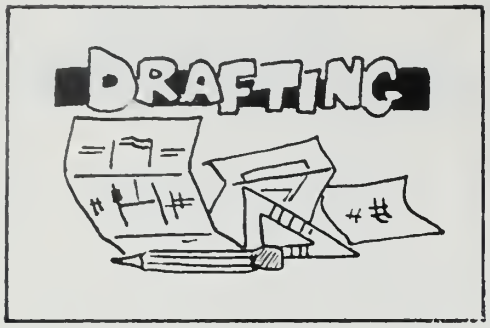
"Where mind and hands combine with pride and skill"

A student can enter Construction Technology as a 9th grader. Instruction is given in the various hand tools of the trade, also instruction in a variety of machines such as, jointers, planers, table saws, and a variety of portable electric hand tools. Students also do additions and remodeling jobs. Students are exposed to framing, roof framing and exterior and interior finish.

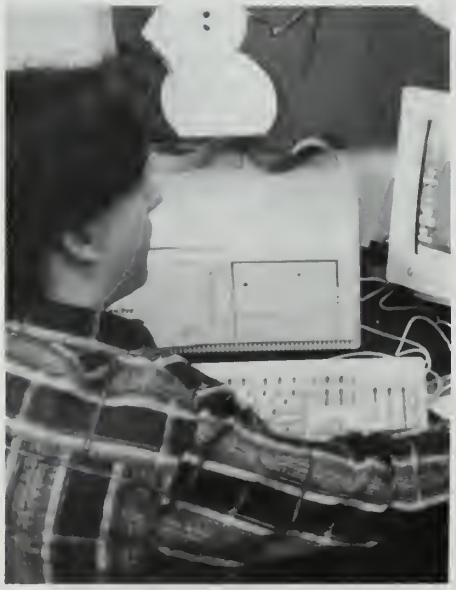


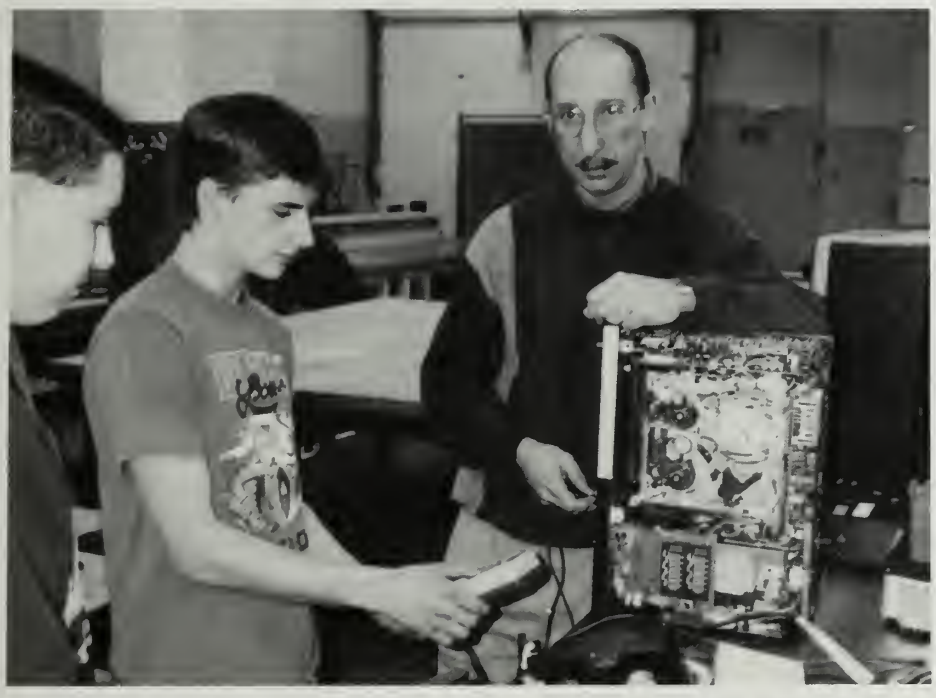
The Child Care program at Weymouth High consists of three programs, Exploritory Child Care, Child Care I, and Child Care II. Exploritory Child Care is geared toward sophomores, juniors and seniors who want to explore the child care program as a vocation, prepare for a related profession working with children, or prepare for their future rolls as parents. Child Care I is designed to train students to have a "Hands On" experience working with children. They have the opportunity to choose age appropriate material, teach activities, guide behavior, and care for the needs of infants, toddlers, and preschoolers. Students who have completed Child Care I can go on to Child Care II and continue to enhance their skills learned in the previous programs. Upon successful completion of Child Care II the students recieve a Vocational Certificate and will fulfill Office For Children Teacher Certificate Requirements.

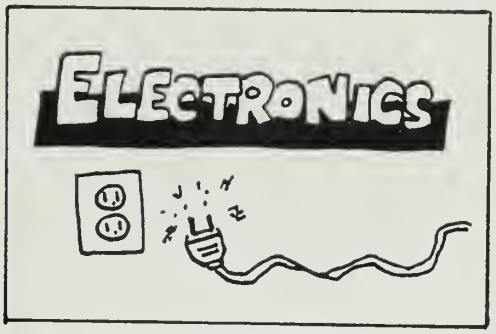
Cosmetology is one of the fastest growing trades in personal service with excellent opportunities for employment. Today it is one of the largest service enterprises in the nation employing about 500,000 people. According to a recent survey there were 211 beauty salons in the immediate area with 45 in Weymouth. Weymouth students have a 95% success rate on passing their state licensing exam. Two former Weymouth cosmetology students have been recruited to work on a national and international level with Vidal Sassoon. The opportunities are astounding.



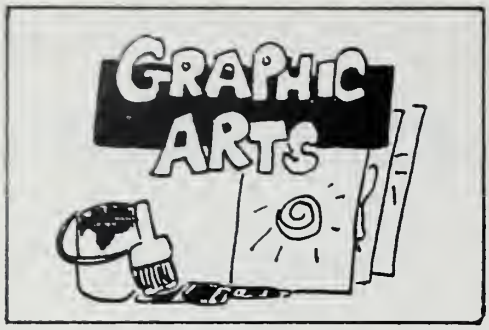
The Architectural/Structural Drafting Program teaches young women and men the skills necessary to work in a modern office or further their education. Students work on a variety of projects beginning with wood structures such as sheds, garages, and houses. The students then proceed on to masonry bearing buildings and then framed structures. All their drafting starts with hand drawn plans and then to computer aided drafting which the industry will be using 100% of the time in the near future. Graduates are equipped with the skills required for an entry level position in any of the related fields or they may pursue their education at a college of their choice or one with which we have an Articulation Agreement for the TECH PREP PROGRAM.







The Electronics Technology program provides training for students in many areas of electronics from the basics through computer circuits. Students learn to use various types of test instruments and work on a wide variety of electronic equipment. Computers are used extensively to do workbench lab simulations. Graduates either go on to college, technical school or obtain good jobs as entry level technicians.



The Vocational Graphic Arts Department at the Weymouth High School offers students a complete introduction into the world of Graphic Communications. The students learn by producing almost all of the printed material necessary in the operation of the school system, plus, a variety of jobs for other Weymouth based non-profit organizations. In addition, students learn composition and design on state-of-the-art Power Macintosh computing systems. The shop also produces screen printed clothing and hats for the school store and for individual student projects.

SHEET METAL

The sheet metal and air conditioning program is taught by Mr. Knudsen and Mr. McGann. Students are instructed in the use of many trade related machines and equipment. They are also taught skills needed in the sheet metal and a.c. industry and many other related fields.

The sheet metal and air conditioning trade is booming and there is a high demand for talented young students.

Administration

Graduation, far from being an end, is the beginning of all your tomorrows. Over the past several years you have worked and studied, practiced and played and grown — grown mentally as well as physically — and now you are here, ready to begin your lives as members of the adult community. The school community congratulates you on your achievements. Good luck to the class of 1996!

Richard J. Steele, Principal

Ray T. Granai, Assistant Principal

Anthony F. Ciampa, Assistant Principal

Eugene Stenstrom, Vocational Director

Charles Mazzola, Assistant Vocational Director

Jenn Brennan

"The class of 1998 has a lot to offer with its extra curricular activities, athletics and academics."

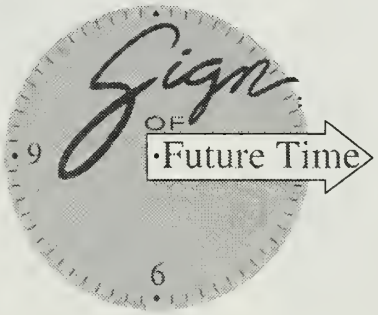
Laura M Bacon

"The class of '97 is very hard working and I have great hopes that we will leave a lasting impression on this school."

Sara Blackerby

"The class of 1997 has great expectations and hopes of success, that's what makes our class stand out."

Kim Desmond



The Sophomore class has learned its way around the building, met the faculty and has become an integral part of the school. The Junior Class has shown a lot of leadership and enthusiasm through its first two years. The memories we've made here have become part of us. We look forward to our final years at WHS and hope to continue the fine traditions left by the classes before us. We wish the class of 96 the best of luck and lots of success with everything they do.

Juniors

Keith, Krysia, Brian, and Matthew

To the class of 1997, we enjoyed representing you as your junior class officers. We would like to thank our advisor, Mr. Deluca, for all of his help this year. To the class of 1996: We wish the best of everything in the future. Whether you enter college, the military, or the work force, we wish you the best!

The class of 1998 has a wide variety of different types of kids. When we all moved into the high school we were forced to forget our personal conflicts within our own class, and realize that it was us, the class of '98, against two whole classes of kids older than we. That first day and that first week were the hardest. Now faced with a bigger enemy the sophomore class regrouped and came together. Then for the first time, we faced class dues. The class was asked to raise money by selling greeting cards and jewelry. The sophomore class is now looking forward to a semi in the spring.

FRESHMEN

Class of...99

For the first time since Weymouth North and Weymouth South combined there are freshman again at the High School. These freshmen are getting a chance for a head start in the vocation of their choice. As in all new endeavors, things were a little confusing at first for both the students and the school. Congratulations to our pioneer freshmen!

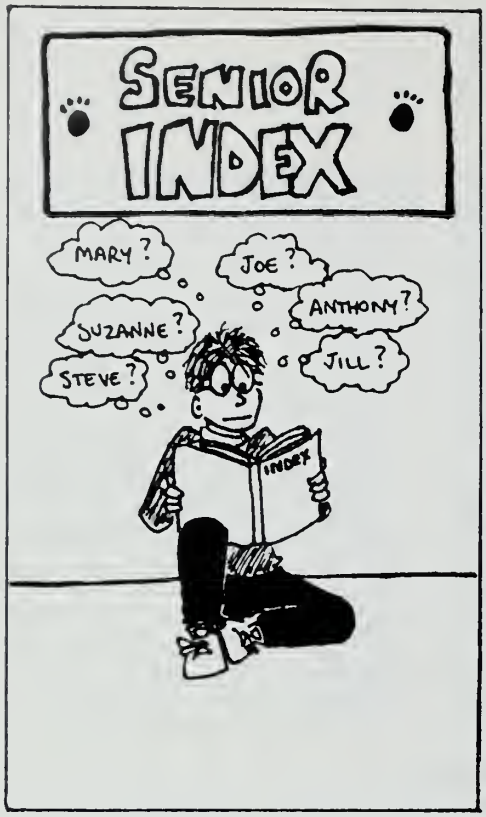
More Candids



"The senior class has been down a long road, but we have reached the light, it's not an end but a new beginning."

Frank Shapiro

"Its been great, its been fun, and at times, its been great fun."

Colleen Covey

"When faced in the future with many new ideas and experiences, remember to always acknowledge first and then move on."

Allison Curtis

"We've come a long way, but it's our time now."

Jill DeThomas

"The time flew by but the memories will last forever."

Ann Iga

Throughout our three years at Weymouth High we have tried to succeed as a class as well as individuals. Given many opportunities to do so through sports, clubs & activities we have accomplished many of our goals. The Senior Index is a way for us to look back at the accomplishments of our friends and classmates. Hopefully it will do more than just that. It is also a way to keep in touch with those you lost contact with over the years. We wish the best of luck to the members of the class of 1996 as well as all the future classes to follow in our footsteps.
